

Parent Newsletter - May 2012

It seems that the school year has just begun, but in reality the end is quickly approaching. As principal of St. Mary School, this year has been a very enjoyable one. I want to thank you, the parents, for the great support you have given to me throughout the school year. This school community is a wonderful place to work. If we continue to work together with the goal of educating our children, we certainly can expect the same high quality of education which our students are now receiving.

Our Spring Music Program, "Kid's Praise", will be held on Thursday, May 24 @ 1:30 in the school's gymnasium. Please mark your calendars and try to attend this program.

This past year our Student Council and various classes have done a wonderful job in showing the character and faith portions of our School's Mission statement in action. This school year many fine local organizations benefited from the actions of our students. Approximately \$1,750 was donated to these organizations from activities that ranged from the making of knitted items being sold during St. Patrick's Day and Easter, Family Movie Night, School Talent Show and Bake Sales. It is very heart warming seeing our students serving others in need. It truly is making a difference in their lives and in the lives of others.

Dates to Remember
